

BIT is located in the Capital City of Orissa i.e Bhubaneswar which is a Planned, Clean and Green City, well connected by Air, Rail and Road to most major cities in the Country. The sprawling 20 acres of campus is located in the midst of the Infocity II, well connected by all weather BT Road and about 18 km from Bhubaneswar Air Port and 24 KM from Bhubaneswar Railway Station. As Bhubaneswar is the future hub of IT Industries, BIT has a bright prospect for its growth and international visibility.

The land includes multi-storied main building with iconic tower along with separate buildings for central library, workshop, Auditorium, sports arena, canteen, business/facility and a research incubation center. For visitors a guest house and housing facilities for Director, senior faculties are planned in the campus. A girls' hostel is planned inside the campus, which will have a separate canteen and dining hall inside it. All across the land is planned for landscaping that includes sculptures of cultural heritage, water fountains, lawns and trees all around.
