

SEMINAR

Dt. 9.12.2011

Title: "KINECT 2-D PAINT APPLICATION"

Speaker: Mr. Aditya Kumar

Venue: Conference Hall

Date: 10.12.2011

Time: 3:10 pm to 4:00 pm

Abstract:

The technical presentation will highlight the application which he had developed during his summer internship at Texas A&M University from 2nd August 2011 to 20th September 2011. Kinect 2-D paint application makes high use of kinect to track the data and allow the user to paint on the canvas without any traditional controller like mouse or trackpad. It takes spatial gestures as command and responds accordingly.

Short Bio-data:

Aditya is currently a B. Tech. IIIrd Yr student in the Computer Science Department at Bhubaneswar Institute of Technology. He has completed his higher secondary from SMAPS, Delhi and Secondary exams from GGPS, Bokaro. His research interests are in Real-Time Computing, Network Security.
